

25th ANNIVERSARY SALE!

TWENTY-FIVE YEARS AGO

Those are the points that gained us the confidence of the people of Marshall County. When we first came here people had to pay the merchants that were doing business at that time enormous profits, which we immediately commenced cutting down, and we are certain that we saved the people lots of money in the past twenty-five years. Now, as we start in on the next twenty-five years, we propose to start right—by keeping up our reputation as Low-Priced Dry Goods Sellers. We will try to convince you when you come to see us that we are still the people that save your pocketbooks lots of money, if you will put your time against ours and compare notes. Our stock being so extensive, we will only name a few of our ANNIVERSARY SALE BARGAINS:

TARIFF RELIEF

Financial Outlook in England Becomes Depressing.

Increased Taxes Inevitable and limits of Present Methods Reached—Further Loans Not Feasible—Revenue Duty Must be Laid On Import.

LONDON, Nov. 7.—Deep concern, not to say apprehension, is daily manifested here in connection with the financial outlook. The speech at Bristol Monday night by Sir Michael Hicks-Beach, chancellor of the exchequer, has resolved the apprehension of increased taxation into a sharp and definite realization that further taxes must come. Consequently there has been a fall in consols which has added to the general sense of the critical nature of the situation. Financial and commercial circles are aware that the possibility of raising revenue by present methods of taxation has reached the limit and also that further loans cannot be made with safety. They are beginning an agitation in favor of a tariff on imports. Even Sir Bernhard Samuelson, the venerable free trader, thinks the time has come for England to adopt moderate customs duties all around. He recommends a general duty of 10 per cent on manufactures and 7½ per cent on such articles of food and drink as are now exempt. These duties, he points out, are far below those of Germany. Sir Bernhard asserts that a tariff of this sort would raise a revenue of £16,000,000 (\$77,500,000) per annum, a sum equivalent to an income tax of eightpence in the pound. He further declares that the necessity of finding a solution for the existing problem is urgent and suggests that free traders generally revise their theories in the light of present conditions. United States Consul-General Osborne believes that England is fast nearing a new fiscal era in which protection will play an

important part. He says that the industrial element of the population is ready and anxious for the change and that the doctrinaires will recede from their advanced free trade position under the pressure of the tremendous financial necessities now confronting the country. In the meantime advocates of a revenue tariff have renewed the argument that England's lack of customs duties prevents it from negotiating desirable commercial treaties, and adds that the country must adopt protective measures to diminish the peril of foreign trusts.

Record Breaking Gun.

As soon as the new trunnion hook can be received from the Bethlehem Steel company, work will be resumed at the United States arsenal at Watervliet on the new 16-inch gun which is to be made for Fort Hamilton in New York harbor. This gun will be the largest ever made in the world. It is a breech-loader, and the breech will be so constructed that a child can open and fire it. It will shoot a distance of 21 miles, but in order to do so, the shot will assume an altitude as high as Pike's Peak.

Keith Sings Sacred Songs.

Joseph D. Keith, the murderer sentenced to hang in the state prison at Michigan City, Friday morning, spends much of his time singing sacred songs. It is said to be the opinion of the prison officials that the man will die game. The gallows were tested yesterday and found to work perfectly. It is announced that Keith's attorney, Hon. Frank B. Posey, of Evansville, Ind., will do no more toward saving Keith's neck. It is supposed he thinks all efforts will be useless.

Better Than Ever.

Those who have not heard the records the Columbia Phonograph company is now supplying have no conception of the changes and improvements that have recently been made. The Gramophone, in the meantime, has been correspondingly improved. Machines and records which were thought to be almost perfect, a few years ago, are far out done in these times of unflattering progress.

Set \$5 with your order to Columbia Phonograph Co., No. 88 Wabash Avenue, Chicago, and goods will be shipped C. O. D., for the balance. 612

BIG STOCK SALE.

On account of scarcity of feed we will have a big sale of horses, cattle, sheep and hogs at farm near Lapaz, Tuesday Nov. 26. KETCHAM & WILSON

Col. R. M. Johnson Dead.

Col. Ruel M. Johnson died at the home of his sister in Elkhart, Tuesday afternoon, aged 65 years, his death following a few weeks' illness, the best specialists not being able to afford him more than temporary relief. Ruel M. Johnson had lived in Elkhart county nearly all his life; was a Douglas Democrat; raised a company of the 100th Indiana regiment in the dark days of 1862 while a young law student at Goshen; made a most creditable war record for which he received special mention, in the various positions from a captaincy to a colonelcy in that regiment, fighting in many battles, being taken prisoner by the Rebels, escaping and being recaptured and then exchanged. When he returned from the army he again entered the legal profession and became one of the prominent attorneys of Elkhart county. He was a Knight Templar and a 32nd degree Mason and one of the most prominent democratic politicians of the Thirtieth district.

Rolling Wheat Advised.

A Kansas farmer claims to have demonstrated that the use of the roller will revolutionize the growing of wheat if used in accordance with the directions which he gives. This farmer rolls his fields after the winter wheat is sown; and then rolls it again and again after the plant is up. Next he turns in the cattle until the winter sets in, and in the spring renews the rolling until the plant is ready to joint. The object of the rolling is to compress the surface and prevent the evaporation of the moisture in the soil around the roots. This retains for the plant all the benefits of the snow and rain and gives it a vigorous growth which results in a heavy yield. It is said that by this method which is known as the "Campbell method," 40 bushels of wheat were raised on an acre of land that under the ordinary method of culture has yielded only ten or twelve bushels as the average.

To The Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better. Three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, RALPH S. MEYERS, 64-Thirtieth-seventh St., Wheeling, W. Va. For sale by J. Europe Gets Her Share.

Why should the nations of Europe worry about our exports to their shores? Most of the goods go over in their ships. The more goods we sell them the more fares will go into the treasuries of the transatlantic liners. Of course, this may not always continue, but it has been a rich plan for the British, the Germans, the Dutch, the French, and even smaller maritime nations, and now they are trying to outdo one another in building new fleets of bigger and faster boats. Not only that, but lots of the money they send us goes back again in the form of railroad fares, all over Europe, hotel bills, fees and tips innumerable and all the lavish expenditure of a host of rich travelers. The balance of trade is in our favor, but we are not mean about spending the money, and Europe will think several times before she turns our picture to the wall.—American Economist.

Indiana's Pensioners.

During the fiscal year which ended June 30, 1901, \$10,291,896.75 was paid to 66,974 pensioners by the Indianapolis agency, while 70,481 pensioners paid by the Illinois agency received but \$9,757,003.60. Only three other states have more pensioners on their rolls than Indiana, namely: New York, \$8,794; Ohio 104,301; Pennsylvania, 104,345. In proportion to the number of men sent to the war no other state receives so much pension money as Indiana, except Ohio.

LIKED IN PLYMOUTH!

The Renown of the Great Author and Physician Dr. A. W. Chase is Acknowledged by Plymouth People.

It is by the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent on the testimony of people so far away that they cannot be authenticated—its home evidence that convinces because easily substantiated—its simple statement of things done and told in the words of the relieved. Mr. J. P. Hoy of North Center St., Plymouth, Ind., says:—"Dr. A. W. Chase's Nerve Pills are a great medicine to make your nerves steady, strong and quiet—to give you physical strength and natural sleep. The box I got at J. W. Hess's Drug Store gave me the time I needed and I needed it badly. I am more than well pleased with the medicine." Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase. M. D. are on every package.

L. E. & W. Improvements.

Work on the improvements on the Lake Erie and Western has stopped for the winter and the work trains have been taken off. During the season 108 miles of new 75-pound rails have been put down, from 250 to 300 miles of the road re-ballasted, and several new bridges built. Railroad men, who have been over the line recently, express surprise at the improvements that have been made. No new equipment has been purchased this year, but next year it is said new locomotives of the latest type will be put in service and many new coaches will be built. Michigan City News.

Postoffice Robbery.

The postoffice at Bristol, Elkhart county, was robbed Monday night by a half dozen men. The thieves secured \$500 in stamps and several hundred dollars in cash. The safe was blown open. The explosion aroused the citizens and the robbers shot one man and a woman who rushed from their residences to the scene. The robbers are still at large.

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Receipt Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers. Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength. They build up people who find their strength and vigor waning.

They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia. CAUTION—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., is on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W., so etc. of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and never used anything that did me the good that did," says County Physician Geo. W. Scroggins, Hall County, Ga. "As a physician I have prescribed it with the best results." If food remains undigested in your stomach it decays. To prevent this by dieting means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer neither dyspepsia nor starvation. J. W. Hess, Druggist.
